Year Build	2001
Engine Model	6BTA 5.9M
Engine Type	Inboard
Engine Fuel Type	diesel
Engine Hours	1400
Drive Type	Direct
Engine Power	220 horsepower

2001 Nordic Tug 32 — Well-Maintained Cruising Tug with Transferable Moorage

The 2001 Nordic Tug 32 is a proven Pacific Northwest cruising boat with a reputation for comfortable accommodations, efficient cruising, and excellent handling. This well-cared-for example is powered by the desirable Cummins 5.9 diesel, showing 1,400 hours, and has been thoughtfully equipped for year-round cruising.

Comfort aboard is enhanced by Wallas diesel heat and OCM reverse-cycle air conditioning, while an EFOY generator provides efficient onboard power. A Samlex 2,000-watt inverter further supports the vessel's electrical needs.

The helm features Raymarine electronics including Auto-Pilot, providing capable navigation and situational awareness for cruising the coast.

A transferable moorage at Van Isle Marina offering the opportunity to keep this Nordic Tug at one of Vancouver Island's premier marinas with a short walk from the parking lot.

For the tender, an Achilles inflatable is carried on Weaver Snap Davits and is powered by a Suzuki 2.5 HP outboard.

Key Features & Equipment

- Cummins 5.9 diesel 220 hp — 1,400 hours
- Side-Power Bow Thruster
- Wallas diesel furnace
- OCM reverse-cycle air conditioning
- EFOY generator (2021)
- New AGM House Batteries (Feb 2026)
- Annual Service with clean Oil Samples on file (Feb 2026)
- New Victron Battery Charger (Nov 2025)
