## Manufacturer Provided Description

The 210 Dorado is the perfect design for both fishing and family fun while offering the ultimate in comfort, style and performance. The 210 Dorado comes standard with port and starboard transom swim platforms with boarding ladder, a removable stern seat / wave gate that make it ideal for landing the catch of the day, or just enjoying a day of swimming and diving. The model also comes standard with a fully cushioned bow seating area with access from the console via the walk-thru windshield, captain's chairs and a stainless steel full bow rail for added safety. The 210 sports six stainless steel flush-mounted rod holders - two 30 degree holders and four vertical holders. Complete with raw water wash down, six stainless steel cup holders and ample storage, this model is suited for any activity out on the water.
