- 2 rear rope hatches
- 2 front and 2 rear lifting eyes
- Protective cover for console and aft seating area
- Built-in fuel system with 91L fuel tank and sender
- Maintenance kit, pump, 2 paddles and manual

Excellent results in terms of seaworthiness, load capacity and other key parameters including the range of outboards proposed. This has been achieved by combining our proven High Step Hull design with a high deadrise, spectacular contours and attention to detail throughout.

This new model has a contemporary appearance and follows the distinctive corporate identity we are developing throughout the GOLDEN LINE range. In common with all models in the series the G580 is equipped with a comprehensive list of standard equipment plus a wide range of options and accessories. These, together with new upholstery combinations will give the boat excellent customer appeal and help create a unique identity.
