Manufacturer Provided Description

The new Riviera 33 has won Modern Boating magazine's 2005 "Cruiser Of The Year" award and represents a turning point in the 25 year career of Australia's most awarded pleasure boat builder. Not only will you find radical new design features but this latest Riviera is the product of an entirely new production method: Operational Task Sequencing, a system that promises even greater build quality and reliability. Riviera Flybridge Convertibles have won numerous awards and enjoyed phenomenal international success. The new '33' is destined for a great future and if you make it part of your future you can look forward to a unique boating experience.
