We coordinate everything during the purchase, including pre-purchase surveys and sea trials through to insurance or even financing.

Manufacturer Provided Description

The Sea Ray 380 Aft Cabin is long and wide to accommodate any number of guests and activities. But its beauty is in the smooth, clean line with no steps in the walkway to the foredeck. The forward-mounted bridge helm offers improved visibility forward and aft, while opening the bridge for abundant entertaining space. The side-mounted helm station easily accommodates the standard Raytheon electronics package with room to spare for additional instruments. Two adjustable captain's chairs allow the captain and a navigator to pilot the craft from an optimum vantage point, while a forward-facing aft seat provides guests with an equally fantastic view. The bridge also comes with a standard snap-in carpet liner, burl instrument panels, courtesy lights, steel safety rails, and a Bimini top and enclosure. On the aft deck, the 380 Aft Cabin is built for all-weather enjoyment with a fiberglass hardtop, and a full enclosure with port and starboard acrylic entry doors. Inside there's a wet bar with ice maker, sink, trash receptacle, grab handles, beverage holders, and a secure bottle storage cabinet. A transom door leads to the wide add-on swim platform equipped with a concealed stainless steel ladder. The Sea Ray 380 Aft Cabin gets its superb performance from twin MerCruiser gas inboards (380 horsepower each), and from a host of standard features like hydraulic steering, a patented underwater exhaust system, an emergency start system, freshwater engine cooling, and much more. There's also a high water bilge pump with a systems monitor panel at the helm. In the bright, open cabin, the aft master stateroom has room enough for a queen-size bed (with a large storage area below), built-in night table, cedar-lined closets and hanging locker, plus an abundance of drawers and cabinets for personal items. A standard entertainment center makes the place even more inviting with a 13-inch TV - VCR combination. The private forward stateroom, which also has a 13-inch TV - VCR combination, has a full-size pedestal bed with generous storage, including floor compartments. Both staterooms have full head areas with a VacuFlush toilet, shower wand, and privacy door. In the salon, the Sea Ray 380 Aft Cabin has plenty of space to relax with a comfortable barrel chair, a dining table that adjusts to a coffee table, and a large L-shaped couch with slide-out bed. Everyone can enjoy their favorite shows on the 20-inch color TV - VCR combination in the salon entertainment center, along with the standard Clarion AM-FM digital cassette stereo with eight speakers and a bridge remote control. The cabin is surrounded by luxurious deep-pile marine carpet, handcrafted wood trim, granite-colored countertops and tables, indirect lighting and more. Even the galley is loaded with convenience: a three-burner electric stove, a coffee maker, a microwave - convection oven, and a 7.4 cubic foot refrigerator and freezer.
